OPEN WATER DIVER

Adventure, tropical islands, a rainbow of color beneath the sea. All this and more awaits you in the underwater realm. The Open Water Diver program by Scuba Schools International (SSI) is specifically designed to make you confident, comfortable and safe in the water. Our flexible home-study format makes learning both easy and fun.

REQUIREMENTS

To participate in the Open Water Diver course, you must:

- Be at least 10 years old.
- Complete the home-study academic portion of training. Fill out the study guide questions.
- Complete a watermanship evaluation.
- Complete and sign a confidential medical questionnaire. If certain medical conditions exist, you must have a signature from a physician.

COURSE MATERIALS

Your class includes:

- Academic & Confined water instruction
- Scuba Equipment Rental (BCD, Reg. Tank, & Weights)

Class does not include:

- Text kit
- Open water certification
- Snorkel Equipment Rental (Mask, Snorkel, Fins & Boots)
(Please ask store staff for current price guide.)

TRAINING

The Open Water Diver course is a 3-step process:

1. Study academics at home at your convenience. Review the text, watch the video or DVD, and complete the study guide.
2. Complete academic review in the classroom and pool sessions with your SSI instructor.
3. Complete open water certification dives. Apply your skills during 4 open water dives to become certified as an Open Water Diver. See the Open Water Certification brochure for details of this step.

AFTER COMPLETION

After completion of the Open Water Diver academic and pool sessions, you must complete your Open Water Certification dives within 6 months of your last class session. Once certified, your certification lasts a lifetime. Remember, though, to maintain proficiency and always dive within the limits of your comfort and ability.

JR. OPEN WATER DIVER

Divers aged 10 - 14 receive Jr. Open Water Diver certifications. After certification, they may only dive with a certified adult diver, and some depth limits may apply.
